Will my daughter's grades be affected as a member of Delta Sigma Theta?

Delta Sigma Theta requires its members to maintain at least a 2.75 GPA.

Some parents worry that the extra social events and responsibilities of being in a sorority might take away from their student's time for academics. Being a sorority member is a time commitment, but one of the core values of sororities is scholastic excellence. Delta Sigma Theta maintains a certain grade point average that members must maintain throughout their college experience. If members do not meet this requirement, chapters offer resources to members to receive assistance. Often chapters organize incentives and awards for the most improved GPAs or the best GPAs. Delta Sigma Theta Sorority, Inc. promotes the importance of a quality education, and academic excellence is a priority.
